

Welcome Home to KAUST

Great housing and world-class recreational amenities are all part of the KAUST experience. Working just minutes from home with no commute, means more productive workdays and more time for family, hobbies and interests.

First things first...

- Register**
- Yourself for access to recreation facilities [here](#)
 - Your pet [here](#)

- Download**
- Download the [KAUST Central App](#) from your App Store a depository for KAUST information and services including taxi hire and restaurants.

- Visit**
- the [Community Life Website](#) for your way around community services. Engaging with the campus and community environment helps residents enjoy it more.

KAUST Places

Discovery Square

'The Square' connects the Academic Campus with the Harbor Souq area with a plaza and center of activity. It's public seating areas are active throughout the day. The post office, bank, cinema and theater as well as a range of restaurants, cafés and shops are found here.

The Harbor Souq Area

This area is the path leading from Discovery Square to the Harbor Walk. It is home to the Community Library and continues changing to remain a vibrant link between both areas combining recreational, commercial and residential activities.

The Harbor Walk

This area has restaurants with unobscured views of the Red Sea, a mini-amphitheater, public art, public seating and a dedicated walk the length of the waterfront. It offers stunning views of KAUST architecture and a place to watch boats come and go.

King Abdullah Grand Mosque

The Mosque is the spiritual center of the community. The courtyard space around the mosque offers a communal gathering site.

King Abdullah Monument

The King Abdullah Monument is a park area of great significance to KAUST as the location from which the Custodian of the Two Holy Mosques King Abdullah Bin Abdulaziz Al Saud established King Abdullah University of Science and Technology on the Red Sea, in the Kingdom of Saudi Arabia.

Two monuments of great architectural achievement in creativity add to a tranquil area by the sea with panoramic views of the whole university.
